PRESS ADVISORY

Public Information Forum on Legal Issues

Surrounding Stadium Expansion

Moved to Larger Location

SAN DIEGO, CA (Tues., Jan. 21, 1997) ---- City Attorney Casey Gwinn today announced his public forum on the legal issues surrounding the stadium expansion scheduled for Thursday, January 23, 1997, 10am, originally set to be held at the City Attorney's Conference Room, will now be held at the City Council Chambers at 202 "C" Street, 12th floor.

"The response to our office to provide a public forum on this issue has been tremendous. We anticipate substantial participation, and the Council Chambers can accommodate up to 250 people," Gwinn said.

In addition to the 10am session in the Council Chambers, Gwinn will present to the public again at 7pm, at the originally scheduled location, Civic Center Plaza, 1200 Third Ave., 7th Floor. The City Attorney will make the same presentation he made last week to the Mayor and City Council and the San Diego Union-Tribune Editorial Board. Gwinn is also presenting to other groups who have expressed interest in knowing and understanding these legal issues including the Greater San Diego Chamber of Commerce and the Lincoln Club of San Diego County.

Gwinn's intent in holding these meetings is to dispel some of the misinformation regarding the legal issues surrounding the stadium expansion. He will be available for questions and answers immediately after the one-half hour audio-visual presentation.
